

# CLASSTER ALL-IN-ONE SIS HELPS XTMPI PRIVATE INSTITUTE IN MANAGING 8 DIFFERENT DEPARTMENTS

## ABOUT XTMPI PRIVATE INSTITUTE

Xenia Tsolaki Metaxa is a leading private institute in Limassol, Cyprus which for the past 30 years has been providing its students with innovative learning experiences. The institute consists of 8 different departments across 2 different campuses.

## CHALLENGES

Having an outdated MIS in place for decades, made academic management and financial control really hard as the academy was growing.

The main reason why XTMPI was searching for a new SIS was the need to combine distance learning with the physical classroom, in a unified IT system.

Also, XTMPI needed the availability to create timetables and schedules with custom reports through their Student Information System. Last but not least, they were also missing a tool for communicating directly with students' parents.

## CLASSTER SOLUTIONS

### Seamless Financial Management

Classter unifies academics and services and provides the option for online payments. Financial information is accessible to parents through the dedicated parent's portal.

### Hybrid Learning Environment

The out-of-the-box integration with MS Teams allows teachers to easily switch to a distance learning environment according to a common curriculum.

### Academic Management & Reporting

Classter offers the functionality for easily creating timetables and schedules for different educational programs and having unified reporting across different locations.

## AT A GLANCE

### Classter Modules

- Core
- Academics & LMS
- Academic CRM
- Billing
- Admissions
- Mobile App

### Integrations

- MS Teams

*Classter is a great SIS for any academy that needs to have a hybrid learning environment.*

*The ease-of-use of the platform and the tech support from Classter team, made the transition from our old system a very smooth process.*
